What is a booking fee?

The Booking Fee is a separate fee added to every trip on products like UberX and UberPool. In some cities, Booking Fees may vary based on the distance of your trip. It is included in the rider's total fare and does not impact the amount you earn for each trip.

The Booking Fee helps cover our regulatory, safety, and operational costs, including insurance protection for you and your riders on every trip.

For more information on how every trip with Uber in the United States is insured, please visit the link below:
